TORNADO AND FIRE SWEEP MERIDIAN

From Twenty to One Hundred are Reported Killed and Injured.

TORNADO DESTROYED 3 BLOCKS AND THE WRECKAGE CAUGHT FIRE

Awful Scenes Last Night Followed in Mississippi City—Loss \$2,000,000.

Meridian, Miss., March 3.—This morning it is known that seventeen were killed and twenty-five or more injured by a cyclone which swept over the city last evening.

The property loss is variously estimated at from one to two million dollars. The local militia was called out at midnight to patrol the storm-swept district and aid in protecting property, and preserving order.

The cyclone passed through two populous suburban districts, and partially through the business section of the city. The principal residence portion escaped.

After the storm, fire broke out in the wreckage, but the heavy rain which followed prevented to a large extent, a heavy loss from this source.

The Georgetown Cotton Mills, suburb, and another suburb inhabited by employees of the fertilizer factories, suffered heavily.

The number of dead in these places is not definitely known. Pitiful scenes are enacted as the rescuers go through the ruins of the devastated area.

E. Z. Woodruff, bookkeeper in a plant leveled to the ground, was found with one foot pinned under the debris, and arms free. In this condition he laid twelve hours while a storm of flames raged about. He was chopped out and taken to the hospital this morning.

LIST OF DEAD MAY BE GREAT.

Meridian, Miss., March 3.—It is impossible to tell the number of dead from the cyclone. The estimates run from twenty-five to two hundred. Searching parties are at work in the factory district, where many houses were blown down and there are supposed to be many bodies under the wreckage. Until the work progresses further it will be impossible to tell the number of dead. The majority of killed were negroes.

THREE ENTIRE BLOCKS DESTROYED.

Chattanooga, Mar. 3.—The latest advices from Meridian gathered from trainmen who arrived here, show that the cyclone was the most devastating in the history of that section. They claim that nearly a hundred people are either dead, or seriously injured. Three entire squares were destroyed.

REPORTED 100 BODIES RECOVERED.

New Orleans, Mar. 3.—The loss of life at Meridian is underestimated. It is reported here that over a hundred bodies are already recovered.

Some of the Dead.

Meridian, Miss., Mar. 3.—The storm last night struck about 6:30 o'clock.

The dead are:
PATRICK McINNIS, local freight conductor on M. and K.; killed in Elmore's Restaurant.

MRS. S. R. SINGLETON, and little granddaughter; killed in home by falling roof.

JOHN SMITH, of Selma, engineer on Southern; killed in Elmore's Restaurant.

WM. H. NELSON, ex-chief of police; killed in Thornton's transfer stable.

POLICE OFFICER TARRY, killed in Thornton's transfer stable.

CLAUDE WILLIAMS, killed in the Meyer-Neville Hardware company's store.

Five unknown negroes and whites, killed in Georgetown cotton mill suburb.

Six unknown killed in the fertilizer factory suburb.

The injured are:
C. A. Shearer, clerk N. O. and N. E. freight depot.

W. J. Woods, cash out in head, serious.

Will Yarbrough, clerk in restaurant, hurt internally.

Frank Woodruff, of Aniston, Ala., bookkeeper Meyer-Neville Hardware company building.

W. A. Garrett, night clerk Cameron's restaurant, leg broken and otherwise seriously injured.

Brady Stone, colored, leg broken and hurt internally.

Dean, operator M. and O. freight depot, hurt internally.

Col. Charles Elmore, slightly injured about head and back; not serious.

Capt. C. L. Meyer, badly bruised.

LAST NIGHT'S REPORTS.

Birmingham, Ala., Mar. 3.—A terrible tornado is reported to have destroyed a large portion of Meridian, Miss., late this afternoon.

The local fire department has been notified that a large part of the city is in flames and are making desperate appeals for assistance.

10 Buildings Blown Down.
Mobile, Ala., Mar. 3.—A long distance telephone message from J. D. Breun, service man of the Cumberland Telephone company at Meridian, gives details of the tornado that

SHOWER OF BILLS IN LEGISLATURE

A Number of Measures Affecting Second Class Cities.

Louisville Water Works Bill Passed Unanimously—The Redistricting Bill Adopted.

JUVENILE COURT BILL PASSED

Frankfort, Ky., March 3.—Among the bills passed by the house yesterday were the juvenile court bill and the normal school bill calling for two schools, the Louisville water works bill and the redistricting bill.

The senate, on motion of Senator Allen, receded from its amendment to the two house bills providing for the construction of sewers and streets in second class cities, and the bills passed as they came from the house.

The Ward exemption law bill came up as unfinished business. The River substitute was defeated and the Allen amendment was adopted providing that only one-half of a laborer's wages may be exempt from attachment for necessities. The Linn amendment, putting the amount of property exempt at \$600, was adopted and the bill as amended passed.

The Allen bill giving second class city authorities supervision over the opening of subdivisions so that the symmetry of streets may be preserved, was adopted.

House bill known as Louisville waterworks bill passed 26 to 9.

New Kentucky Districts.

Frankfort, Ky., March 3.—In redistricting bill passed yesterday, the Western Kentucky districts are:

First, Hickman and Fulton; 2, Ballard and Carlisle; Third, Graves; 4, McCracken; 5, Callaway; 6, Lyon and Marshall; 7, Crittenden and Livingston; 8, Trigg; 9, Caldwell; 10, Christian; 11, Hopkinsville; 12, Webster; 13, Henderson; 14, Union.

Things For the People to Vote On.

Frankfort, Ky., Mar. 3.—The present general assembly proposes to submit to the people of the state at the next general election two propositions, one to require voters to have a tax certificate in their possession showing the payment of taxes in support of the government, and the other to amend the Constitution of the state so that taxes may be made uniform on the classes of property, rather than upon the idea that taxation must be uniform upon all property.

A third amendment to the Constitution, to have legislative session of 100 days' duration, was offered by Mr. Hannah, of Greenup.

The second one above was offered by Senator Harry Lancaster, of Marion. The two first mentioned were deemed to be the most important, and, as only two can be submitted at one election, they were adopted and the Hannah amendment side-tracked for the present. Both of those approved have yet to go through one branch of the assembly before the close of the session.

JETT CASE

Is Set for March 8th at Cynthiana, Kentucky.

Cynthiana, Ky., March 3.—Curt Jett was brought from the penitentiary this morning and arraigned on a charge of murdering James Cockrell at Jackson. He had no counsel and Attorney Blanton was appointed to defend him. By agreement the trial was set for March 8. Jett is now serving a life sentence for the murder of J. B. Marcum. At a former trial for the Cockrell murder he was sentenced to be hanged.

TOM JOHNSON

Is to Be the New Democratic National Committee Man From Ohio.

Indianapolis, March 3.—Tom J. Johnson, mayor of Cleveland, will be the new Democratic national committee man from Ohio. He will succeed John R. McLean, Governor Patterson and Congressman Garber have been mentioned for the place.

\$100,000 Loss From Fire.

El Worth, Tex., March 3.—A prairie fire has been sweeping over the Texas Pan Handle and Eastern New Mexico for two days and over a million acres of grazing land are burned and many cattle destroyed. A conservative estimate of the loss is \$1,000,000.

A GREEN CARNATION IN PADUCAH.

C. L. Brunson, the florist, has a freak carnation plant. The carnations are of a light green hue with darker green tints interspersed in the center of the flower. The plant was noticed a short time ago and cultivated. It is one of the very few plants of its kind ever seen here and a novelty in the carnation line.

SECOND CONFESSION SAID TO BE MADE

Steve Adams Said to Corroborate Orchard Revelations.

Details of Other Alleged Plots to Assassinate Given in the Latest Statement.

MICHIGAN STUDENTS RIOT.

Boise, Idaho, Mar. 3.—The Statesman says that it is authorized to announce that Steve Adams, arrested at Haines, Oregon, in connection with the Steuermann assassination, has made a full and sweeping confession. Detective McPartland added that Adams' confession fully and exactly corroborates that made by Orchard at every point touched on by both. The confession of Adams, he said, corroborated that given by Orchard in every substantial point connected with the assassination of Steuermann. McPartland also says Adams' confession gave details of a large number of murders that were not referred to in any manner by Orchard.

Police Quell Student Disturbances.

Ann Arbor, Mich., Mar. 3.—Six policemen with drawn revolvers who guarded the doors of the banquet hall where the feature of the annual Freshmen banquet last evening. A band of sophomores that tried to kidnap the freshmen officers seriously bruised three of the policemen before being driven back at the point of revolvers.

President Angell of the University of Michigan, on hearing of the trouble, hastened to the scene and made a speech which resulted in the sophomores dispersing. Hostilities were renewed during the evening, however, and the police arrested two students.

Brakeman Died of Injuries.

Springfield, O., Mar. 3.—Mark Davis, the Columbus brakeman whose shooting by a negro caused the riot here, died at 3:30 this morning.

Men With Bombs Near Palace.

St. Petersburg, Mar. 3.—Two men with bombs in their possession were arrested today near the Imperial Palace.

THE MAYOR ALMOST READY TO REPORT

He Has Not Entirely Finished His Light Figures.

Said at Noon That Lights Had Not Cost the City \$62.50 a Year, However.

MAY MAKE REPORT MONDAY.

The mayor has about completed his investigation of what the light plant has cost to operate it since it was installed about ten and a half years ago.

He is still holding executive sessions today with Auditor Kirkland and Superintendent Keebler of the light plant, the only persons admitted to his meetings. He has moved down into his private office and has his stenographer stationed in his public office to intercept all callers, as he is engaged on a monumental bit of work and must not be disturbed. He need not be worrying about any one intruding, however, as even the city physician could not run the lines his politic stenographer threw around him this morning. The only one who could see him was the old darkey who attends to his honor's dogs, and when he called to report on the mayor's pets he was given an audience at once.

The Sun representative, however, was solicited about his readers and knew they are all very anxious to know the result of the mayor's three days of strenuous work trying to ascertain "exactly what it has cost to run the light plant" as the mayor expresses it, so laid in wait for him at noon, knowing he probably was not denying himself refreshments.

The surmise was correct as the mayor came out of his seclusion at noon, and the reporter captured him. "I am not done yet with my figures," he said, upon interrogation, "and will not be before Monday some time."

"As far as you have gone in the matter, what have the lights cost?" the reporter asked. "I can tell you this," he replied, "from present indications, they have not cost the city \$62.50 a year." "Are you making allowances for interest on the investment and depreciation, and the other fixed charges the opponents of municipal ownership say you enthusiasts fail to take into consideration?" was asked.

"I have taken everything into consideration, and as I said before, I shall reiterate, the lights have cost less than \$62.50 a year."

The mayor will in all probability give his report to the council Monday night. He says he will make no comment on it, nor offer recommendations of any sort. "I want no wrangles," he said, "and shall merely submit the result of my labors."

It is reported in circles that should know whereof they speak, that the friends of municipal ownership are trading wintres to come forward soon with a proposition to issue bonds to improve and greatly enlarge the city's light plant and put in a commercial lighting adjunct. The matter is in embryo at present and it is said, will be brought out as soon as the conditions are favorable. To do this, a vote of the people on the proposition would have to be held.

81 Years Old—His First "Store Shave."

Maysville, Ky., March 3.—Gregory Haney, of this city, who is 81 years old, celebrated his birthday Thursday by getting shaved in a barber shop by a barber. It was the first time he was ever in a barber shop, his mother and wife having cut his hair. He shaved himself and used no lather, just rubbing a little water on his face instead.

School Board Tuesday.

The school board will meet in regular session next Tuesday, and will probably elect the superintendent for this year. Supt. C. M. Leib is a candidate for re-election and Mr. George O. McIlhenny is also a probable candidate. The board will probably receive the report from the committee appointed to investigate the eligibility of Trustee Wm. Byrd, who it is claimed is ineligible to the office on account of being a deputy in the county clerk's office.

Former Governor Hogg Dead.

Houston, Tex., March 3.—Ex-Governor Hogg died at noon. He had been sick a long time.

Enthusiastic Meeting of Directors and Chairmen of Commercial Club.

CO-OPERATION WAS PROMISED BY ALL IN EVERY MOVE UNDERTAKEN

Speeches Were Made by a Number of Paducah's Most Prominent Citizens.

The special meeting of the directors and chairmen of the standing committees of the Commercial club last night was the most enthusiastic meeting the club has had for some time, and the attendance was large—members being present who had never before attended a meeting of the club.

After a short statement as to the policy to be pursued by the Commercial club for the ensuing year, President Friedman called on the various gentlemen present, who were chairmen of various committees for remarks in regard to their committee work.

Mr. W. P. Hummel delivered a very interesting address on New Industries.

Mr. H. C. Rhodes, chairman of the ways and means committee, delivered a very effective address as to the best ways and means of promoting the interests of the Commercial club and the progress of Paducah.

Hon. Chas. K. Wheeler, chairman of the immigration committee, spoke at length in regard to the preliminary work that has been done with a view of inducing foreign immigration to Paducah and McCracken county, carefully explaining the things necessary to bring about to take care of the immigrants when we receive them and the best way to go after them.

Mr. Ed Bonds spoke at some length in regard to bringing a suitable class of immigrants to McCracken county and especially dwelling on the importance of the farmers getting together, in a practical way, and producing the products of their farm brain and muscle in a larger way, so that the produce from McCracken county can be shipped to early markets in car load lots. Every one present showed great interest in Mr. Bonds' remarks and it is hoped and expected from this talk and meeting a substantial organization of farmers will result.

Mr. Harry Hank then addressed the meeting briefly on insurance problems which was well received.

Hon. E. W. Bagby addressed the meeting on education and public improvements. Mr. Bagby's remarks were timely and effective. He especially emphasized the importance of intelligent and earnest efforts being made by all the citizenship to Paducah to back up the efforts of the Commercial club now being made to secure for Paducah a great educational enterprise in the way of a college. Mr. Bagby stated that from the correspondence that he had had with important and wealthy people on this subject, in co-operating with the Commercial club, he was convinced that if the proper efforts were put forth by our influential and leading citizens at this time, it would beyond doubt, insure the efforts the Commercial club are making to secure this college.

Mr. Harry Meyers, chairman of the retail merchants' committee spoke briefly in regard to the Commercial club work.

Mr. J. L. Wolff, representing the jewelry line, addressed the meeting briefly.

Mr. C. E. Jennings, chairman of the real estate committee, addressed the meeting briefly and heartily applauded the efforts being made to

proved the efforts being made to promote the city's best interests.

Mr. Wm. E. Clark, chairman of the wholesale groceries committee, made a very interesting talk, which was greatly appreciated.

Mr. W. B. McPherson, chairman of the retail drug line, also addressed the meeting briefly.

Mr. Clarence Brown, chairman of the tobacco warehouse interests, addressed the meeting at some length in regard to the tobacco interests which was listened to by those present with great interest. This was Mr. Brown's first visit to the Commercial club's headquarters and he promised at some very near future date to deliver a carefully prepared address on the importance of tobacco industry to Paducah and what and how to bring about the former prosperous conditions in this great staple which has been drawn from Paducah in the last few years, through causes to be explained later by this address.

Mr. Foreman, representing the electrical supply line, made a very interesting talk on electrical matters which are of interest to the city and took occasion also to state that his firm is preparing for an electrical show, with exhibits of importance and novel electrical devices by various firms throughout the country.

Thomas W. Roberts, chairman of the theatre committee, addressed the meeting briefly, stating what in his opinion was necessary to benefit the theatrical business of Paducah. Mr. Roberts felt sure that the show business would be benefited by better railway connections, which was heartily agreed to by all those present.

Mr. R. D. Clements, chairman of the office supply committee, addressed the meeting in the interest of the line he represented.

Secretary Coons made a brief statement in regard to the First Annual Farmers' Institute that has just closed at Frankfort which Mr. W. L. Bower and he attended, representing Paducah and McCracken county. The secretary stated that the state commissioner of agriculture Herbert Vreeland would at any time send representatives from his office, or come himself and assist in the organization for a Farmers' Institute for McCracken county and along the line of the address of Mr. Ed Bonds urging a farmers' organization. It was arranged that preliminary steps be taken at once for such an organization. Mr. Ed Bonds and his farmer friends were interested in this matter and are to meet the officers of the Commercial club next Wednesday morning at their headquarters, 115 South Fourth street, at 10 o'clock for the purpose of preliminary organization. Secretary Coons will arrange to have the commissioner of agriculture assist in completing a permanent organization for McCracken county. Other farmers within reach of Paducah who are interested in bettering their welfare, are earnestly requested to attend this meeting.

J. T. Norflect was returned to jail yesterday afternoon by Detective Will Baker. He escaped several days ago and left for Clarksville, Tenn. He was located, arrested and returned without a requisition.

The Tax Levy Ordinance Will Probably Be Brought in Next Aldermen Meeting

The ordinance fixing the tax rate for this year will probably be brought in at the next aldermen's meeting, Thursday night. It would come up before the council Monday night, but the committee wants to wait to see what is done with the street lighting proposition before fixing the rate, for, if the city has to expend much money on the light plant, it will have a bearing on the tax rate.

"We could get along on a rate of \$1.53 if we did not contemplate some substantial improvements," said an alderman today, "but as we shall have to construct some concrete fills, and do something about a bridge at Fourth street over Island creek, we shall need a rate of extra money. The rate is less than \$1.60 in all probability."

I. C. SWITCHMAN

Has Both Legs Cut Off Near Cairo, Illinois.

John Murphy, a switchman employed by the Illinois Central railroad company at Gale, Ill., fell under the wheels of an engine yesterday and lost both legs below the knees.

Murphy, it seems, had just thrown a switch and attempted to mount the front step of the switch engine as it came toward him.

His foot slipped from the step, however, and he fell beneath the wheels, which crushed both legs below the knees in a manner so that amputation will be necessary. He was taken to a Cairo hospital and it is not thought that the accident will prove fatal.

Thursday Night—"A Trip to Egypt" Musical Farce Comedy.

"ISLE OF SPICE."

From the Philadelphia Ledger Tuesday, Oct. 24.

"The bright musical comedy 'Isle of Spice,' was presented at the

by the celebrated dramatic critic Mr. Montgomery Phister, in the Cincinnati Commercial Tribune, after a "Trip to Egypt" appeared in that city:

"A Trip to Egypt" was given its local premier at the Walnut Street Theatre yesterday and met with so friendly a reception that it may be characterized as one of the successes of the season at this handsome and popular playhouse. The piece was handsomely staged and acted by a company that presented many clever people distinguished for both beauty and ability. Both the book and music of this highly diverting comedy are by the youthful author and composer, Mr. G. Herbert Kerr, whose "The Beauty Doctor," and other plays have already given him enviable notoriety and generous royalties.

eras, "Robin Hood." This is the one American composition that has stood the test of twenty years unremitting popularity, and whose many song gems have become classic. Such masterpieces as "The Brown Owl," "Oh Promise Me," "The Armorer's Song," "The Jet Black Crow," and the many other beautiful numbers in this famous opera, will live forever. At The Kentucky March 12th.

The Sambo Girl.

Miss Eva Tanguay, whose strenuous stage deportment and magnetic personality have won for her a position in the front rank of American comedienne of today, will be the offering at The Kentucky on March 17. She will present the laughable play of the year, "The Sambo Girl." Miss

Park Theatre by a splendid company, in which Sam Mylie appeared as Bonapopka, the king; Miss Leslie Leigh as Teresa, the king's ward; Herbert Cawthorne as Micky O'Grady, the deserter from the navy; Harry Watson, his tearful companion; Shuby Mackinaw, and George Whyte as Lieutenant Katchall, Teresa's hero. Honors easily fell to the funny Cawthorne and Watson. The latter was particularly humorous in the kissing scene of the last act. Mr. Whyte has a rugged, serviceable baritone, sweet and clear; his acting was excellent." At The Kentucky tonight.

The Player Maid.

Miss Florence Davis in "The Player Maid," will be the attraction Wednesday matinee and night at the Kentucky. The Shreveport, La., Times says:

"Miss Florence Davis in the part of Eleanor Hallam was inimitable of it was not so much the portrayal of the character as it was the distinct charm with which she invested the part. It was so natural, so essentially human, the impetuous impulses of the actress being so well defined in her various scenes with her supposed aristocratic relations, that this at once pronounced her to be an actress of most unquestioned ability with a great future before her. It is not the position of a critic to prophesy, but this may safely be asserted that when next Miss Davis visits the South, she will receive favors equal to those of our leading stars of today.

A Trip to Egypt.

Manager of The Kentucky begs to announce to his patrons an extraordinary booking when C. Herbert Kerr's latest musical comedy success makes its appearance here on Thursday of next week. The title of this gala offering is "A Trip to Egypt," and that each person in attendance will thoroughly enjoy the trip is fully promised on Thursday evening.

The Week In Society.

LOST AND FOUND.

Lost! At St. John's, on Ash Wednesday.

A girl with a lachrymose eye, Pensive lips, upbound hair and a Noble air—

In short, a personified sigh.

She answers, that is, if she answers—

To the name, to the name—well, you see

It entirely depends on who speaks.

To her friends

She is May (she's December to me).

She wore when last seen sombre sackcloth

(Mostly modestly cut) and was masked

In a veil thick as three. Who returns her will be—

Well rewarded and no questions asked.

Found! At St. John's, Easter Sunday.

A girl with eyes sparkling and clear,

Laughing lips (a sweet snarl), a Euphrosyne air.

The personification of cheer.

I smiled—for her mirth was infectious;

She spoke—not the least sign of frost;

And bewildered I said, with a roar in my head,

"Can this be the girl that I lost?"

It could be and was, she assured me!

And now that she's found and unmasked

I will claim my reward, and it's fair to record

That one question at least will be asked.

Announcements.

The Delphic club will meet on

Tuesday morning at the Carnegie library in regular weekly session.

Miss Frances Coleman is hostess to the

Entre Nous club on Tuesday afternoon at her home on West Jefferson street.

Paducah Chapter, United Daughters of the Confederacy will meet on

Tuesday afternoon at 2:30 o'clock with Mrs. Roy McKinney on West Jefferson street.

Elbert Hubbard will lecture on

Wednesday evening at Temple Israel under the auspices of the Charity club. The coming of this notable author and lecturer to Paducah is an event in the literary and social life.

The Crescendo club will hold its

regular meeting on Thursday afternoon at the studio of Miss Virginia Newell on North Seventh street.

Thursday afternoon is the regular

meeting of the Magazine club, but no announcement has been made as yet as to the place.

Here We Rest!

Society had its pre-Lenten whirl

last week, it seems; for Shrove-tide has not been the social rush time it usually is. There were few special Shrove Tuesday affairs, and the customary round-up of gaiety in prelude to Ash Wednesday devotions was noticeably slack. There have been a diversity of pleasant occasions but no elaborate entertaining.

The social calendar indicates little activity during Lent except in club circles. A few of the more informal social clubs may continue to meet,

but the larger ones have already announced a rest-cure for forty days.

Box Party Tonight.

Mrs. Elizabeth Teasdale will give a

box party tonight at the Kentucky theatre to the "Isle of Spice" performance, complimentary to Mr. and Mrs. William D. Sanders. The party will include Mr. and Mrs. Sanders, Mrs. Teasdale, Mrs. W. A. Gardner, Mrs. Hughes McKnight and Miss Kathleen Whitefield. An informal supper will be served after the opera.

Matinee Party.

Miss Lucille Hirth is entertaining

some friends this afternoon at a matinee party to see the "Isle of Spice." In the party are: Misses Mary Weaver Dyer, of Princeton, Ky., Mary H. Jennings, Gertrude Pinkerton, Aslee Reeves, Martha Cope, Julia Danney, Lorraine Sutherland, Grace Hillis, Sarah and Hannah Corbett, Grace McGlathery, Helen Van Meter, Lucille Hirth and Master Pittman Hirth.

Miss Weldon and Mr. Dicke Married Today.

The marriage of Miss Mary G. Weldon and Mr. William J. Dicke took place this morning at 10:30 o'clock at the bride's home on West Broadway. The ceremony was performed by Rev. T. J. Newell of the Broadway Methodist church and was witnessed only by the immediate family.

The bride is a beautiful girl of many charms of person and character. She is a daughter of Mrs. A. J. Weldon of West Broadway, and moved here in recent years from Paris, Tennessee. She has won many friends during her residence in Paducah.

Mr. Dicke is a member of the tailor firm Dicke and Black on Broadway, and is a popular and well known young man. He is a son of Mrs. Barbara Dicke.

The couple left at noon for an eastern bridal trip and will reside on West Broadway on their return.

Pretty Dinner-Party Last Evening.

Mr. and Mrs. James Rudy's dinner-party on Friday evening at their home on Kentucky avenue, was a pretty compliment to Mr. and Mrs. William D. Sanders, who are here en route from their bridal trip to Cuba. The white and green color-motif was used with charming effect in the table decorations and white roses marked the place cards of the guests. The menu was a delightful and elaborate one.

Covers were laid for fifteen, and the guests were: Mr. and Mrs. W. D. Sanders, Mrs. Charles Kiger, Mrs. Henrietta Jackson of Denver; Mrs. Charles Wortham of Van Buren, Arkansas; Miss Louise Cox, Miss Martha Davis, Miss Hallie Hisey; Messrs. Wallace Well, Richard Rudy, Henry Rudy, Will Rudy, Edwin J. Paxton.

Entre Nous Club for Miss Kessell.

Miss Lillie May Winstead entertained the Entre Nous club on Tuesday afternoon at her home on Washington street in honor of Miss Leone Kessell of Pontiac, Mich., the popular guest of Miss Blanche Hillis.

There were four tables at cards and a pretty compliment to Miss Kessell, as well as charming souvenir for the other guests, were the tallies, which contained her picture. The game prize was won by Miss Marjorie

Bagby in a cut with Miss Reila Coleman. The lone "bad prize" went to Miss Frances Coleman. A souvenir Kentucky spoon was presented to Miss Kessell by the hostess. A delicious course-luncheon was served after the game.

Beside the guest of honor only the club members were present, including:

Mrs. Henry Grace, Misses Marjorie Bagby, Reila Coleman, Nell Holland, Blanche Hillis, Ethel Brooks, Frances Coleman, Sarah Sanders, Robble Loving, Monibea Hopkins, May Owen, Frances Terrell, Louise Cox, Susie Thompson, Reita Hatfield.

Delphic Club.

The Delphic club held its regular

meeting on Tuesday morning at the club rooms in the Carnegie library. The papers covered an interesting period of French history: "Louis XV. and Marie Leczinska" by Mrs. Frank Harnard was read by Mrs. Frank Parham in the absence of Mrs. Bar-

ard from the city. Character sketches of "Countess du Mailley and Duck-ess de Chateauroux" were given by Mrs. Muscoe Burnett, Mrs. John P. Campbell's paper on "Famous Salons in Louis XV's Time" was read by Mrs. A. R. Meyers.

At the next meeting the Delphic club will elect its officers for next year, which begins in October.

Picnic Supper Indoors.

The "basket picnic" given by the

social department of the Senior Epworth league of the Broadway Methodist church in the league parlors last evening, was a very pleasant affair. A bountiful picnic supper was served with an al fresco effect, and an informal social evening was enjoyed. Quite a number were present.

D. A. R. Chapter.

Paducah Chapter, Daughters of the American Revolution, held the

meeting for March with Mrs. Leslie Soule at her home on North Fifth street, on Friday afternoon.

James Madison was the character-study for the month. Miss Emily Morrow gave a sketch of his life, and the members responded to roll-call with quotations from his writings. There were two interesting papers presented: Mrs. Sallie Morrow gave an account of "Lafayette and His Family," and Mrs. Hubbard S. Wells told of "Penn and the Quakers." There were several attractive musical numbers. Mrs. D. G. Murrell and Miss Julia Danney rendered piano solos and Misses Mildred and Lucyette Soule sang very sweetly. Delightful refreshments were served by the hostess.

Mrs. Hubbard S. Wells, regent of the chapter, was made delegate from Paducah to attend the national D. A. R. convention in Washington city in April, and Mrs. David Murrell was elected alternate. It is probable that Mrs. Wells will go.

Cottillon Club.

A delightful German was given on

Monday evening at the Palmer House by the Cottillon club. It was the farewell dance before Lent, which added zest to the usual pleasure. Mr. John S. Hiecker and Mr. Roy Cutley led. A number of couples were in attendance.

Comus Club.

The Comus club held a pleasant

meeting with Miss Lottie Thomas on North Thirteenth street, on Tuesday evening. The ladies' prize was won by Mrs. Jack Parwman, and the gentleman's prize by Mr. Jack Parwman.

The club will be entertained on next Tuesday evening by Miss Audrey Taylor at her home, on Clay street.

The 400 Club.

Mrs. Hughes McKnight entertained

"The 400 club" in honor of Mrs. Will Sanders, at her home in Arcadia on Wednesday afternoon. The club is composed of eight young married women, who meet each week to play Five Hundred. As Lent had begun two of the members could not be present, and there were substitutes for them.

The club souvenir was won by Mrs. Harris Rankin. A delightful luncheon was served after the game. The present were: Mrs. Allen Ashcraft, Mrs. Harris Rankin, Mrs. Will Minch, Mrs. James Campbell, Jr., Mrs. John W. Scott, Miss Caroline Sowell, Miss Sarah Sanders, Mrs. Will Sanders, Mrs. Lillard Sanders, Beethoven and Brahms one.

Matinee Musical Club.

The Matinee Musical club held its

regular bi-weekly meeting on Wednesday afternoon at the Eagle club house. Mrs. James Wellie was the leader for the afternoon and the program was a most attractive Beethoven and Brahms one.

Rabbi David Lovitch, of Temple Israel, gave interesting sketches of the two composers and selections from their composition were rendered. Those taking part were: Mrs. Dennis Mognot, Miss Newell, Miss Isabelle Mohan, Miss Anne Bradshaw and Prof. William Deal.

Dinner Party to Mr. and Mrs. Sanders.

Miss Kathleen Whitefield was the

hostess at a pretty 7 o'clock dinner on Thursday evening in compliment

HEART TROUBLE

The heart itself has no power—no self-control. It is made to beat by a tender nerve so that it is scarcely visible to the naked eye. Yet ten thousand times a day this delicate nerve must assist the heart to expand and contract.

This nerve is only one of the branches of the great sympathetic, or INSIDE, nerve system. Each branch of this system is so closely allied with the others that weakness or irregularity at any point is apt to spread. Heart trouble frequently arises from stomach trouble through sympathy, and kidney trouble may also follow. For each of these organs is operated by a branch of these same sympathetic nerves—the INSIDE NERVES.

In heart, kidney or stomach troubles it is of but little use to attempt to doctor the organ itself—the most permanent relief lies in restoring the INSIDE NERVES. Dr. Shoop regards these nerves to be the real cause of such troubles. The remedy—known by physicians and druggists everywhere as Dr. Shoop's Restorative—is the result of years of endeavor along this very line. It does not dose the organ to deaden the pain—but it aims to go at once to the nerve—the inside nerve—the power nerve—and builds it up and strengthens it and makes it well.

Every heart sufferer may have Dr. Shoop's book on the Heart. It will be sent free to you if you will receive the "Health Token," an intended passport to good health.

For the free book and the "Health Token" you must address Dr. Shoop, Box 9171, Racine, Wis. State which book you want.

The table was a charming sym-

phony of Spring in yellow and green. A mass of yellow tulips set in green was the glowing centerpiece and all the details of arrangement were in harmony. Covers were laid for twelve, and a delightful six-course menu was served.

At the table were: Mr. and Mrs. William D. Sanders, Mr. and Mrs. Saunders Fowler, Dr. and Mrs. Lillard Sanders, Misses Caroline Sowell, Belle Cave, Helen Lowry, Kathleen Whitefield; Mr. Fred Wade, Mr. Caed Davis.

Pleasant Occasion.

Mrs. Oscar Starks entertained on

Monday afternoon at her home on Washington street, the Church Furnishing and Ladies' Aid societies of the First Christian church. It was a pleasant social occasion and open meeting of the two societies.

A delightful musical and literary program was rendered by Mrs. Geo. H. Hart, Mrs. David Lewis, Miss Kathleen Whitefield, Miss Aline Bagby, Miss Frances Herndon, Miss Irene Gray, Miss Susie Danney. A luncheon was attractively served during the afternoon.

Evening Recital.

Miss Mabel Matland, of Dyers-

burg, Tenn., gave a pleasant recital at the lecture room of the Broadway Methodist church on Tuesday evening under the auspices of the Ram-

sey society.

Miss Matland makes a specialty of dialect and plantation sketches and life and has visited all the large cities. She will shortly make a tour of Europe. She is well-known in Paducah.

The music of the evening was rendered by Miss Anne Bradshaw, Mr. Robert Scott and the High School Orchestra.

Miss Caroline Ham, Playwright.

A decidedly complimentary and

ence for a most ineluctable evening greeted the presentation of the clever little comedy, "The Deadbrokers," at the High School auditorium on Monday evening.

The play was written by Miss Caroline Ham, of the class of 1906 and was well put on by the High School Dramatic club. It was an

who have just returned from their bridal trip to Cuba, spent the week here the guests of Mr. Sanders' parents, Dr. and Mrs. W. H. Sanders, at their home "Grey Gables" in Arcadia, leaving tomorrow for Columbus, Miss. The many friends here of Mr. and Mrs. Sanders will be glad to know that they claim Paducah as their home, and will divide the year between this city and Mrs. Sanders' former home, Columbus. Mr. Sanders will still travel out of Columbus, Ohio.

Miss Flora Nalle, who has been the guest of her sister, Mrs. David Lindsay Van Cullin, for several weeks, has returned to her home in Louisville. Miss Nalle is very popular in Paducah, where she often visits.

especially happy "first effort" and showed Miss Ham to have decided talent as a playwright. The plot was clever and the conversations and songs were bright and without drag or hitch. It was played with a spirit and understanding.

Pleasant Evening.

Mrs. Richard Clements enter-

tained the Ladies' Aid Auxiliary of the First Christian church on Tues-

day evening at her home on Clay street. It was a pleasant social oc-

casional and an attractive musical program was a feature of the even-

ing. Miss Kathleen Whitefield, Miss Aline Bagby, Mrs. St. Bryant, Miss Mary Bonduraft, Mrs. Smith and Miss Hart were among those

taking part. Delightful refresh-

ments were served by the hostess.

Weddings of the Week.

The marriage of Miss Theresa F.

Hummel to Mr. Otto Edwin Gross,

of St. Louis, took place Tuesday af-

ternoon at 4:30 o'clock at the Ger-

man Lutheran church. The church

was a bower of green, palms, ferns

and southern similia being used

with graceful effect in the deco-

ration. From the arch of similia

under which the couple stood was

suspended a bell surmounted by a

dove. Rev. A. C. Iiten, pastor of

the church, said the ceremony.

Miss Maurer presided at the organ,

playing the Lohengrin march as a

processional and Mendelssohn in

recession. "Hearts and Flowers" was played throughout the cere-

mony.

The bride looked very attractive

in a pretty creation of white net

over white silk. The bridal veil

was caught with orange blossoms

and she carried Bride roses. The

only attendants were the ushers,

Messrs. O. D. Schmidt, Will Rottger-

lag, Alex Mitchell and B. K. Wil-

son.

An informal reception from 5 to

7 o'clock was held at the home of

the bride's parents, Mr. and Mrs.

Fred Hummel, Jr., on Harrison

street. Mr. and Mrs. Gross left at

7:30 for Chicago, and will make

their home in St. Louis. The bride's

going-away gown was a blue broad-

cloth tailored suit with hat en suit.

A pretty but quiet home wedding

was that of Miss Mae Bleich and

Mr. Joseph D. Sowers which was

solemnized at 3 o'clock on Tuesday

afternoon at the home of the bride,

on Clay street. Rev. William Bour-

quin, of the Evangelical church, per-

formed the ceremony. Only the

relatives and a few friends were

present. The house was attractively

decorated in a color-scheme of

white and green, and the couple

stood under a wedding bell of white

flowers. The bride was very hand-

some in a stylish costume of blue

broadcloth.

Mr. and Mrs. Sowers left at 4:30

Daily Thought.

"Whatever we do helps us up or

drags us down."

WICKLIFFE'S EXPERIENCE.

Wickliffe does not appear to be

making a howling success of his light

and water plants. Yesterday's Yeoman

says in a two-column comment on

a Washington dispatch on "municipal

extravagance" in the United States:

"The fifth paragraph, 'the most

profitable source of municipal graft, its

securest hiding place, its most effective

instrument in seeking immunity,

is the chaos which exists in the

classification of municipal accounts

and the absence of uniformity in

municipal bookkeeping,' seems to cover

the situation here for never has there

been a time since the city was in-

corporated, could no official or citizen

determine what condition exactly

the city was in. While this seems to

be the universal complaint, and no

special insult is heaped upon the

management of any one city, our

rapidly increasing indebtedness

should warn our municipal authorities

and cause them to put an end to

this extravagance before it is ever-

lastingly too late.

"There is an element here now

that is in favor of raising the city

water and light rent to an outrageous

price, believing that to be necessary

in order that these plants pay their

expenses, but many are opposed to

such a proposition, and their reasons

for such opposition are good. In the

first place, the monthly statement of

the superintendent of these plants

shows that the item of coal alone is

\$200 per month and that of salaries

J. Dougherty, who operated the plant then, employed a chief electrician, an assistant and a fireman. Their salaries were \$75, \$45 and \$35. The collecting was done by the force at the factory. The fireman kept the boiler hot, and the chief and his assistant did all the wiring, climbed all the poles, trimmed the lamps every day and kept them burning every night in the week.

"The Yeoman contends that unless these plants can be put on a paying basis at once, that it is the duty of this council to put the city out of the water and light business at its earliest convenience."

What is true in the smaller cities is usually true in the larger cities, except that as a rule in the gang-ridden larger cities, conditions are much worse in proportion.

It seems from what the Wickliffe paper says, that the people must be more economical in the use of water and light,—more considerate of the amount of material consumed, and the amount of money it costs, which people are not apt to be under the circumstances,—that the rates for water and light must be raised in order to make the receipts equal the expenditures, or else that the city must continue to lose money every year or retire from the business and let some one operate the plants who can and will make them pay.

This is the inevitable result in American cities where politics and preference are of more force than intelligent business methods and management.

REPUBLICAN SURPLUS AGAIN.

For the fiscal year that began July 1 last the government receipts are now ahead of expenditures, says the Globe Democrat. The surplus at the end of last month was \$1,102,003. Yet \$12,000,000 has been spent on public works this year, mainly on Panama canal account. A payment of more than \$60,000,000 on that great enterprise explains all but an inconsiderable part of the deficit since May 1, 1904. It is a good time to look back over the financial record of the Republicans since they resumed control of the treasury nine years ago, a period including the Spanish war. The years of deficit during the nine years ending with June 30 last give a total of \$211,756,482. The years of surplus in the same time have a total of \$302,820,087. The net surplus since the Republicans returned to power in 1897 is \$91,073,605.

It is a great showing when it is remembered that a war was fought with Spain and one in the Philippines, that a large payment was made to Spain for the islands, and that \$60,000,000 cash has thus far been drawn from the treasury for Panama expenditures. During nearly all these years the Dingley tariff has been in operation. Its practical wisdom has been abundantly proved in war and peace. In an era of remarkable territorial and industrial expansion, and of great public undertakings. It is easy to stand pat on such results. Government expenses increase continually, but the Dingley tariff has kept up with the demands and is bringing in more revenue this year than the treasury officials predicted. The war taxes were repealed so long ago that they are almost forgotten. Republicans can point with honest pride to their government balance sheet.

You don't have to look farther than the city of Paducah's light plant, to find evidence against the practical success of municipal ownership. The light plant has been run by the city for ten or more years, and it has been a failure. It has cost as much as a first class light plant, and yet lights have been out all over the city every night, and there have been repeated break downs of the plant. When every light is shining there are only 165 lights, about half of what Owensboro has, and not as many by perhaps 100, as Henderson and many other cities smaller than Paducah have. If municipal ownership is a success under methods in vogue in most of the cities in America, why isn't it a success in Paducah? If the city of Paducah can successfully operate a utility of any kind, why hasn't it successfully operated the light plant? Why should anyone want to go anywhere else for figures when every citizen of Paducah of ordinary intelligence knows what a fiasco the city light plant has been? The municipal ownership idea seems to be to run a thing irrespective of financial loss, quality, or amount of service. This is an idea that cannot be indorsed by any good business man any more consistently in matters concerning the public.

THE EASY OIL.

Scott's Emulsion is "the easy oil"—easy to take, easy in action. Its use insures deliverance from the griping and nauseating sensation peculiar to the raw oil. Nobody who has any regard for their stomach thinks of taking cod liver oil in the old way when Scott's Emulsion is to be had. It is equally certain that no one having a regard for their health will accept a cheap emulsion or alcoholic substitute for Scott's Emulsion. It fulfills every mission of cod liver oil and more.

We do not presume to know what the members of the legislative boards are going to do, but we hope they will not allow the campaign of misrepresentation, intimidation and condemnation to swerve them from their duty to the public. Most of the opposition that is being raised in the lighting transaction might have been expected. In fact the same amount may be expected to anything the present board may undertake to do, for they are Republicans, and were elected to succeed part of "the gang." If the city hall crowd and its many cohorts throughout the city, and those who recently were fighting the street car company and will oppose anything that the street car company proposes, were eliminated from the opposition to this lighting proposition, there would be found few left.

Thinks the Owensboro Inquirer, Independent: "Youtsey, the murderer of Goebel, has written a maudlin letter telling how religious he is and what a blessing to his soul the Salvation Army services in the penitentiary are. Youtsey is playing his cards well and when the time comes he will be pardoned in payment for his testimony against Powers and Howard."

It is not difficult to tell why some are against the lighting proposition. The reasons range from sincere but erroneous judgment, to ignorance, malice, prejudice and the rankest and dirtiest kind of peanut politics.

It may be all right to teach the young folks to write "tuf" for tough, "thru" for through, and so forth, but how about the older folks who have been "taut" to write them the good old way?

A few fellows seem to have a may-orality bee in their bonnets. Well, others have had 'em before. The people usually attend to such bees at the proper time.

COLDER WEATHER

Is Here and Is Predicted For Tonight.

The weather man sends out predictions for continued cold weather, and the drop in the mercury has been steady since yesterday afternoon late.

Yesterday afternoon the highest temperature recorded by the government thermometer was 49. A steady drop began and this morning when the observations were taken the thermometer registered 27. The sky clouded but the temperature was too cold for rain.

ILLINOIS CENTRAL TO IMPROVE YARDS

A Large Shed for Repair Tracks Is Proposed.

The Yards Are Expected to Be Extended Both On the North and South Sides.

IS NOT YET DECIDED ON

The local I. C. shops will undergo many improvements this summer, the total expenditure of money for the improvements being estimated at many thousand dollars. Some of the proposed improvements are new while others are those already recommended but not actually ordered executed.

During the winter many visits have been paid to the shops by officials of the mechanical and road departments, and a great deal of inspection work was performed. Today Mr. W. J. Harnahan, fourth vice president of the road, is in the city making an inspection but his visit is said to have no special significance to the local shops.

"There is one improvement to be made the shops which is a certainty," a local official stated this morning. "This is a shed on the south end of the mill, covering five repair tracks. This will be a great improvement to the shops and is an absolute necessity. The ground space to be covered will measure 520x95, the latter being the width of the five tracks. This will give the men protection from the weather. No sides will be put up, the building being merely a big shed similar to that of the tank shed between the machine and mill shops."

There are other improvements which have been asked for but not definitely decided on. One is the tin shop which was ordered last summer but never built. It is understood that the plans for the tin shop have already been drawn and nothing remains to be done but build the structure.

Improvements such as the extension of the shop yards to Broadway and the enlargement of the south yards are under consideration but no decision has been reached.

Mr. Harnahan left at noon for the Louisville division again and will spend some little time looking over the line.

When asked at noon if the I. C. shops would be improved in mechanical department this year he stated that they would get their proportion of the usual annual appropriation for new machinery.

"There will be some new machinery put in here this year," he stated. "The company just sent one big consignment of new and up-to-date machinery for installation in the shops and will continue to make what improvements are deemed necessary. Paducah is an important point on the southern system and the road is always ready to do all it can to facilitate the work on every branch here."

Mr. Harnahan stated that all the work possible to send to Paducah from the Nashville division would be thrown in here, which will mean a very big increase annually, the employment of more men here and steadier work for a larger force of mechanics.

Mr. Harnahan was calling on all of the wholesale merchants and most of the manufacturers today, with Mr. J. T. Donovan, the local agent for the road, and asking about the increase in business in the past ten years for each concern. As the volume of business done in Paducah has increased over 400 per cent in the past ten years, he was no doubt satisfied with his interrogations.

Mr. Harnahan called on Mr. Joseph L. Friedman, president of the Commercial club, and Mr. Friedman told him of the plans of the Commercial club for bringing immigrants to Paducah from the north and northwest, also for organizing the farmers with the view of making McCracken county a center for garden, truck farms and products, and Mr. Harnahan assured Mr. Friedman his road stood ready to do all it could to aid in the efforts.

"We have some points on our roads that are great producers of fruits and vegetables, and we work in connection with the shippers to get their products to the markets as quickly and expeditiously as possible," said Mr. Harnahan. "and we shall be only glad to aid Paducah in building up such a market here."

Among other things Mr. Harnahan was considering was the improvement desired in the Chicago passenger connections, and he no doubt heard enough complaints from the people he met to assure him that something should be done in this matter and done soon for every man he met bronched the subject to him. He vouchsafed no information about what would be done, but a de-

cided improvement in the service is expected as result of his visit.

VERY LARGE

WILL I. O. O. F. INTERSTATE MEETING BE APRIL 20.

Many Lodges Have Signified Their Intention of Sending Delegations.

From indications the annual meeting of the Interstate I. O. O. F. here April 26th, will be the biggest meeting in the history of its existence and many thousand visitors are expected.

Members of the committee on visitors who have written to Illinois, Missouri, Kentucky and Tennessee cities asking for the estimated number of delegates, have received answers from many and are assured that the crowd of visitors will exceed anything ever seen here before during any lodge meeting.

"So far we have heard from 178 subordinate lodges and 99 Rebekahs from Illinois, and we expect to hear from many more in southeast, north-east Missouri, Southwest Kentucky and Southwest Tennessee," a member of the committee stated this morning. "Of course some towns will send just a few delegates but there will be others who will come on account of the reduced rates and the meeting. We expect to offer attractions enough on the outside of the lodge work to induce extra travel from pleasure seekers and in this way hope to secure the lowest reduction made by the railroads for any such event."

All the committees have been appointed to arrange for the meeting and every member is working hard. The annual ball project was abandoned because all the attention of the local lodgemen was centered on the Interstate meeting.

Real Estate.
"The weather conditions have brought about better conditions in real estate circles, and stimulated activity in real estate, and many plans for new buildings. The indications are for more home buildings than in any recent year, and for the building of a better class of homes. There have been no recent sales of consequence of real estate and the number of vacant houses will not be a deterrent to the building of many houses for rent, but aside from this one feature, the prospects for Paducah real estate are very promising for this year," says E. W. Whittemore.

CHICAGO MAN WILL RETURN TONIGHT

Is Delighted With Paducah and Her People.

Found a Regular Metropolitan Market—Some of the Proposed Hotel Changes.

REMODELING TO START SOON.

Mr. Frank Murphy, of Chicago, who has been in the city investigating the city, and looking over the hotel for the Chicago interests which recently purchased an interest in the Palmer House, will leave for Chicago tonight. It is not yet decided whether Mr. Murphy will come to Paducah to take the active management of the hotel or not, that is a detail left for the future. He has been here this week merely to get a line on what should be done to improve the hotel to the best advantage and will make his report to his Chicago associates, when they will be given consideration.

Mr. Murphy went down on market early this morning. "Why, you have regular Chicago crowds here," he said. "You people are out early and go about this with the energy expected from a northerner but rarely found in your southern cities. You have a splendid market, you have a good town, and one that has bright prospects for the future, and I like it very much indeed."

In the plans for the remodeling of the hotel, the dining room will be placed on the ground floor, occupying the space now used by Brunson's flower store and Harnelug's tailor shop, and the kitchen will be in the basement. The present dining room will give room for about 50 new rooms, which the owners think probably sufficient for the present.

The new dining room will be a handsome one. A Holland room will front on Broadway and the dining room will be back of it. The entire structure will be thoroughly remodeled, and furnished, and from present plans will be one of the handsomest little hotels in the south. It will have about 125 rooms, with the new additions to be made at present.

School Closes Tonight.
Tonight a school exhibition will be held at McKindree church near Lamont. The school closed last week and last Saturday a week ago a spread was enjoyed in the woods near the school by the pupils. This is the regular closing exercise tonight.

If you are unable to break into the Hall of Fame, you can at least take a few bottles of patent medicine and get your picture in the papers.

The board of health met this afternoon to further consider proposed measures for the improvement of the sanitary condition of the city.

IN THE COURTS

Bankruptcy Court.
Trustee Arthur Martin has written to Collector Franks, at Owensboro, asking that a government man be sent here to measure the whiskey in the Hessig distillery so it will be known how much there is when the bankruptcy sale is conducted March 12th. There were 2,000 gallons when the distillery was closed, but some has evaporated. The Evansville Brewery company has come into court with a claim of \$900 against the Hessig estate to be adjusted when the bankrupt's affairs are wound up.

Referee in Bankruptcy Bagby has returned from Benton, where he appointed W. M. Keeder trustee of the Bogard Williams bankruptcy case.

Preparing For Criminal Term.
The circuit clerk and deputies and the sheriff and deputies are already busy preparing for the criminal term of the McCracken circuit court, which begins the first Monday in April. There are many subpoenas and such things to serve, but they are being disposed of rapidly by the sheriff and his hustling deputies.

Charged With Stealing Hot Wire.
Tom Albritton and Isom Scott, colored, about 16 years old, were arrested this afternoon for the alleged theft of hot copper wire from the rear of the Foreman Bros novelty store on North Fourth street.

The wire was insulated and the electricians were burning the insulation off. They had about 25 pounds in the rear of the building and it was still hot when the negroes came into the alley, secured a sack, wrapped it around the wire and ran.

Officer Hessian and Detective Baker caught them shortly afterwards. Scott claims that he had nothing to do with it and that Albritton took the wire.

Horse and Buggy Sohl.
Constable Shelton this morning sold a horse, buggy and harness in the case of Michael & Bro., against Gilliam and Dill. The sale brought \$113, the horse bringing \$80, harness \$4 and buggy \$29. Dick Penn bought the buggy. Gilliam the horse and John Todd the harness.

Licensed in Wed.
James Walter, III, aged 21, and Cecil Cockrell, aged 25, of the county, were this afternoon licensed to wed.

To Be Tried For Lunacy.
Stella Morgan, colored, who took possession of Mrs. Foster's house on South Sixth street yesterday, is still in jail pending trial for lunacy. She will be given a trial Monday in county court.

COLORS REVIVAL.
Ends With Eighty-eight Conversations Reported.

The First Ward Baptist church, colored, closed one of the greatest revivals in its history, with 88 additions. Baptizing will take place tomorrow at one o'clock sharp at the old gravel pit on North Eleventh street. The pastor, Rev. W. E. Glover, will officiate. Rev. Rogers, of Illinois, will preach morning and night at the church.

Junior League Meeting.
The Junior League of the Trimble Street Methodist church, will meet tomorrow afternoon at 2:30 o'clock. Home Mission topic, Christ's need for the children in the Kingdom and recitations by Misses Anita Billings, Florine Baur, Elizabeth Wilson, Elsie McGuire, Lou Jenna Billings, Eula Gentry and a duet by Misses Isabella Griffith and Clara Rhodes.

An Appeal to Common Sense

Rheumatism should have no place in this modern age. It is an affliction of our grandfathers, and should have passed away along with the stage coach.

All modern schools of medicine agree that the cause of Rheumatism is uric acid—always—and when the cause of disease is once learned, the cure is half made. The other half is only common sense.

Will you use your own good judgment?

HOW URIC ACID CAUSES RHEUMATISM

Put sugar into cold water and only part of the sugar dissolves, but if you heat the water it will all dissolve.

Well, your physician will tell you that blood always contains a large amount of uric acid, and when it catches cold, get your feet wet, or expose yourself, you chill your blood and uric acid is precipitated.

Now, the blood must be hot to dissolve uric acid just like water has to be hot to dissolve sugar. When it isn't hot, the uric acid crystallizes—forms little grains just like sugar—called uric salts.

Wherever these little grains of uric salts settle they cause pain—you call that pain "Rheumatism."

Thus you see that Rheumatism is only the name of the pain—it isn't even a disease. No matter whether the pain—the rheumatism—is in your knee, your shoulder, or in the muscles—the cause is always the same—uric acid.

Get rid of the uric acid and you're cured.

THE BEGINNINGS OF URIC ACID DISEASES

The first twinge of Rheumatism is a signal of uric acid. Headache, poor digestion, biliousness, dry skin, darting pains, sleeplessness, dark colored urine, and in women, menstrual disorders—all these symptoms prove uric acid to be at work.

Don't wait for heart disease or kidney trouble. Take **LIFE PLANT** as soon as Rheumatism or any of the above symptoms appear. If already you have some disease following these symptoms act quickly—take **LIFE PLANT**.

Auction Sales of Tobacco Will be Held in Paducah by Exchange Association.

The Association in Exchange, an organization of tobacco growers in West Kentucky and Tennessee, has arranged to sell its product at auction in Paducah, Hopkinsville, Mayfield, Clarksville and Springfield, Tenn.

Under the arrangement there will be no change made in the present manner of preparing tobacco for market. Prizing will continue just as at present. The prizes types will be sent to any of the salesrooms that the farmers may elect, and the hog-head stored where he may direct. By these prizes types, the salesmen will class and price these tobaccos. When offered on the open market by inspectors' samples, if the tobaccos do not bring their value, the salesman of the association who must be present, will reject them. This will remove many objections that are now held by farmers who do not belong to the organization. The Italian, French, Spanish and Austrian Regies

can buy from the executive committee by classification, if they wish to do so, before the auction sales begin, but if they prefer, they can come on the open market and make it interesting for Bremen and others.

It seems the only rational remedy for coughs and colds would be to move the bowels and clean the mucous membranes of the throat and lungs at the same time. Kennedy's Laxative Honey and Tar does this. It is the original Laxative Cough Syrup, the best known remedy for coughs, colds, croup, whooping cough, etc. Tastes good and harmless. Sold by Lang Bros.

THREE MEN IN BOAT DIDN'T FARE WELL

Rather They Were in Two Boats, and One Was Swamped.

Crockett Wright Had a Narrow Escape From Being Drowned and Lost Supplies.

HUNTING TRIP ABANDONED.

Crockett Wright, Roy Nelson and Hobson Johnson have returned to the city after starting on what proved to be a very disastrous hunting and fishing trip to Turner's Lake several miles down the Ohio river.

They started down the Ohio in two boats Thursday morning. Nelson and Johnson in a heavier craft kept to the Kentucky side while Wright in a lighter boat which carried most of the supplies, took to the Illinois shore. Wright carried in his boat a stove filled with cartridges and supplies. He had his gun, an extra boat, hat and other articles of wearing apparel in the boat. The heavy waves swamped him and his boat sank rapidly. Wright saw it was useless to attempt to save anything and struck out for the shore. He was about 200 yards from the Illinois bank just below the towhead opposite the I. C. Incline. He reached the shore after a hard struggle and succeeded in climbing up the steep bank, but there his troubles seemed to begin. His friends were too far away to hear his cries for help and on account of the rough river could not see that he had met with disaster. Wright took to the woods and made for Brookport. He had to swim two creeks and when he reached Brookport was pretty well fagged out. He secured a fisherman to go to his friends and inform them of his trouble.

When the three got together again the trip was abandoned and they returned to Paducah yesterday afternoon. The stove, gun, hat and other articles in Wright's boat were lost, the waves having turned the craft over. The boat was saved, however, having been caught below Brookport. Wright's loss will amount to more than \$100.

TOUR OF INSPECTION
Being Made By Mr. W. J. Harahan, of the I. C.
Mr. W. J. Harahan, fourth vice president of the I. C., passed through the city this morning en route north to Chicago from Nashville and Louisville where he had been on an inspection tour.

Mr. Harahan was looking over the improvements at Nashville especially. There is a great deal of this class of work going on in and about Nashville. The road is building up the Nashville division and Mr. Harahan and other officials are, keeping a close watch on the progress of the improvements.

Mr. Harahan had also been at Birmingham and other cities in the south looking after the interests of his road.

MORNING EXERCISES
Will Be Held Daily at the High School.
Principal Payne, of the High School, has decided to have some kind of special opening exercises each morning, instead of only on Tuesday mornings, as heretofore. The orchestra will play at least once a week, while the remaining mornings some one will make a short talk to the school. Yesterday morning the German class sang several songs.

Indigestion is much of a habit. Don't get the habit. Take a little Kodol Dyspepsia Cure after eating and you will quit belching, puffing, palpitating and frowning. Kodol digests what you eat and makes the stomach sweet. Sold by Lang Bros.

Now a Case of Murder.
Henderson, Ky., March 3.—Mrs. Nash Sands, who was shot by her husband in a fit of jealousy last Saturday, died at a local hospital here. The husband who tried to commit suicide after he shot his wife, will probably recover as his wound is doing nicely.

Back to Washington.
Congressman Longworth and Bride Return From Cuba.
Tampa, Fla., March 3.—Mr. and Mrs. Nicholas Longworth arrived on the steamer Mascotte, from Havana yesterday afternoon. The steamer encountered rough weather Thursday and Mrs. Longworth suffered from sea sickness. Mr. Longworth said every moment of their stay in Cuba was made pleasurable by the entertainments offered them by Cuban officials, and others. They left last evening for Washington.

"WORLD AT LARGE"

WAS HOME OF THESE MEN, BUT THEY WILL LINGER HERE.

A Number of Cases Heard by Police Judge Sanders in Police Court This Morning.

J. A. Donovan and Will Jackson, white, who reside in "Boyd's Alley" on the North Side, were held over this morning under a \$300 bond each for obtaining property by false pretenses.

The two are alleged to have gone to the C. Tucker grocery on South Third street and secured \$3.40 worth of groceries and provisions claiming they were employed at the plant of the Paducah Cooperage Co., when they were not. The evidence for the prosecution was heard and the defendants did not testify. They claim, however, that Donovan went to the grocery and bought goods on credit, and his friend, Jackson, simply stood good for it. They state they came here from St. Louis and are from the "world at large." Jackson was accompanied by a young woman who claimed to be his sister and who went a great deal in court when the handcuffs were placed on her brother.

George Dozier, colored, was held over, waiving examination, for assaulting Cora Sims, colored, with intent to kill. He is accused of attacking the woman with an iron poker and axe. The woman is said to have narrowly escaped being killed.

Berry Smith, colored, charged with criminally assaulting the wife of George Smith, colored, was held over waiving examination.

Other cases were: George Leeper, colored, drunkenness, \$1 and costs; Freeman Torlan, colored, breach of the peace, \$3 and costs; H. Williams, white, breach of the peace, \$3 and costs; T. Morris, white, breach of the peace, continued.

LATE BASEBALL NEWS

A Terre Haute, Ind., dispatch says:

Pat Downing, the catcher, has been purchased by Terre Haute from the Nashville club of the Southern league. As his name indicates, Downing is Irish, and before being graduated into the Southland league he did stellar work behind the bat for the Princeton team in the K. T. organization.

"Sunny Jim" Hackett, who was so much desired by Manager Belt of Jacksonville, has signed with Oakland, Cal.

Walter Diehl, of Mattoon, Ill., for three seasons a member of the Frank Fort baseball team, last year with the Soo team of the Copper league, has signed a contract to play the outfield with the "Hyphens" of the Kitty league. The "Hyphens" is the nickname given the Charleston-Whitton bunch that Bob Terryhill will manage.

Notices were sent out yesterday by the chairman of the schedule committee to all the members of the league requesting them to be present at the meeting of the schedule committee at the Hotel Rexford, Centralia, Ill., Sunday, March 11, to take an active part in the selection of a schedule for the year of 1906.

The Sun is in the receipt of an advance copy of the Reach Baseball guide for 1906. The present edition shows a vast and great improvement over former years in every respect. On page 345 the standing of the Kitty league is given in detail.

Cured Consumption.
Mrs. B. W. Evans, Clearwater, Kan., writes, My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal. 25c, 50c and \$1.00. Sold by Alvey & List.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice, endorse and praise it in the strongest possible terms, each and every ingredient entering into the make-up of Dr. Pierce's Golden Medical Discovery, the famous stomach tonic, liver invigorator, heart tonic and regulator and blood cleanser. This is also equally true of Dr. Pierce's Favorite Prescription, for the cure of all those weaknesses and distressing ailments peculiar to women.

No other medicine sold through druggists for domestic use, can show any such professional endorsement. Dr. Pierce's above mentioned remedies are non-alcoholic and non-secret, all their ingredients being printed on each bottle wrapper. They occupy a unique position and are in a class all by themselves. They are neither secret, nor patent medicines. They are powerful to cure but safe to use in any condition of the system, even for the most delicate women and children.

Pure, triple refined glycerine, which is used instead of alcohol both for extracting and preserving the active medicinal principles from the roots of the several American forest plants entering into Dr. Pierce's medicines, is much safer to use for these purposes, and is entirely free from the objectionable features inherent in alcohol, inasmuch as it produces only salutary influences upon the system, while alcohol, in moderate portions, if long continued, as in the treatment of obstinate ailments, is very injurious and often becomes a craving for stimulants. Furthermore, glycerine itself is a most valuable nutritive agent instead of being a harmful habit-forming agent like alcohol. Its nutritive properties, Dr. Pierce and many others eminent in the profession believe, far surpass those of cod liver oil, entitling it to favorable consideration as a remedy in all cases of imperfect nutrition, especially when it is combined with the active medicinal principles extracted from Black Cherry bark, Queen's root, St. John's wort, Golden Seal root and Bloodroot, as in "Golden Medical Discovery."

Resides its superior nutritive properties, glycerine is a very valuable demulcent and thereby greatly enhances the remedial action of all the foregoing roots in the cure of severe coughs, bronchitis, throat, laryngeal and other kindred afflictions of the air-passages and lungs. In all "wasting diseases," where there is loss of flesh and gradual "running down" of the system, the glycerine certainly plays an important part in lessening the breaking down and wasting of flesh, and in promoting assimilation and increase of bodily strength and weight. It is a powerful reconstructive agent in all cases of impaired vitality and especially valuable when associated and combined with such superior alteratives and tonics as the several ingredients entering into "Golden Medical Discovery." Its wonderful solvent properties also play an important part in the cure of gall stones and severe constipation.

Glycerine is also one of the very best anti-ferments and as such counteracts the excessive fermentation of foods in the stomach, present in most cases of indigestion or dyspepsia. Thus the pain, belching of noxious gas, bloating and other disagreeable symptoms are overcome, and the Stomach, Golden Seal root, Bloodroot and other ingredients of "Golden Medical Discovery" are greatly assisted in their action in completing a cure.

As will be seen from the writings of Drs. Bartholow, King, Sutherland, Hale, Wood, Hare, Johnson, Cox, Ellingwood and other high authorities, as contained in the little book mentioned above, these agents can confidently be depended upon for the most positive, curative action in all ailments, or weak states of the stomach, accompanied with distressing indigestion or dyspepsia and kindred resultant affections.

Dear Sir: Please ask your WIFE, DAUGHTER or SISTER to Read MY FREE Offer.

WISE WORDS TO SUFFERERS

From a Woman of Notre Dame, Ind.

I will mail, free of any charge, this Home Treatment with full instructions and history of my own cure to any lady suffering with female troubles. You can cure yourself at home without the aid of any physician. It will cost you nothing to give the treatment a trial, and if you decide to continue it will only cost you about 15 cents a week. I will not interfere with your work or occupation. I will not require you to leave your home or family. This is all I ask. Recover all, young or old. I have cured a bearing down, a prolapse of the uterus, a feeling of pain in the back or bowels, a feeling of the spine, a desire to cry frequently, hot flashes, weakness, frequent desire to urinate, or if you have Leucorrhoea (White Discharge) or Falling of the Womb, Protrusion, Scanty or Painful Periods, Tumors or Growths of the Uterus, or any of the above, write to me at once. I will send you the Home Treatment and full instructions. Thousands besides myself have cured themselves with it. I send it in plain wrappers.

TO MOTHERS OF DAUGHTERS I will explain a simple Home Treatment which speedily and permanently cures Leucorrhoea, Green Stitches and all other ailments peculiar to young ladies. It will save you anxiety and expense and save your daughter the humiliation of explaining her troubles to others. Promptness and health always result from its use. Wherever you live I can refer you to well-known ladies of your own State or county who know and will gladly tell any sufferer that this Home Treatment really cures all diseased conditions of the delicate female organism, thoroughly strengthens relaxed muscles and tissues which cause displacement, and makes women well. Write to-day, as this offer will not be made again.

"Your ten days' treatment gave me instant relief, and though I have suffered from displacement and painful, irregular menstruation for several months, I am confident your treatment will cure me."

Physicians recommended an operation, but your Home Treatment quickly cured me of all my troubles.

HAMLIN GARLAND

COPYRIGHT, 1903, BY HAMLIN GARLAND

(Continued from yesterday.)

"I'll go back whenever I please."

The dinner was finished with a pleasant topic, and when the men were alone with their cigars Peabody earnestly remarked: "I'm going to take Ann back with me if she'll go. I don't like the idea of this youngster dragging her into all this filth and turmoil. Why, I found her living in a log cabin with an Irish family—nice people, but no place for her."

"That's the singular part of it. She seems to enjoy it. She wrote Jeannette from up there pretty regularly, and she out and out said she liked it. And she is gay as a bird—she's lost some of her fat—I never saw her looking fatter."

"Peabody mused. 'She is changed. I can't quite make out why or how. She was like a schoolgirl for spirits last night. Do you suppose it's the high altitude?'"

"My dear chap, I suspect it is a man, and I fear it is Munro," said Barnett.

"I hope not, for her sake."

"I do, too, and for your sake; but I've seen too many women go to pieces in that way to feel any assurance. It wouldn't have been so had she taken on the with Raymond, for he is a fine fellow aside from his present stand; but there, again, he was too respectful, too near her own type. It needed a wild devil like this cowboy captain to stir her imagination."

Peabody's cigar was broken between his fingers. "Don't you scare me!"

Barnett, having fairly crushed his friend, now tried to comfort him. "All this may be a wrong diagnosis, and I hope it is, but if I were you I would go to her and use words that would startle her. She needs the strong hand."

Peabody rose, all the quizzical lines of his face lost in a plexus of doubt and hesitation.

Ann wondered at the change in Peabody, but had no chance to speak to him for some minutes, for a couple of young men were detailing their sterner plans for invading Skytown.

The large library was soon filled with people who had heard of Ann's return from the peak, and the girl was profoundly amused to find herself taken for a fount of wisdom concerning the miners' war and their demands.

The feeling against the camp was savage, and the men were loud in denunciation of the governor of the state, who had refused to order out the militia. "He is as bad as Munro, an absolute monarchist," declared one man, whose strident voice dominated all the others.

One by one the guests dropped away, and at last only the Barnetts and Ann and Peabody were left in the library.

At a signal from Mrs. Barnett Don sauntered out of the room as if on some errand and forgot to return. A few moments she, too, begged to be excused "for a moment" and was seen no more.

Both Ann and Peabody understood these actions, but as he was intent on making an appeal to her and she knew there was no escape from it they faced each other with a tenseness of emotion which seemed impossible a moment before.

Ann broke the silence. "How indelicate of them!"

"How considerate, say I, for I want to talk with you," he hurried on. "I want you to go back with me, Ann, as my wife. I can't go back alone. I have missed you terribly. Dear girl, answer me, are you ready to go?"

Ann remained silent, her mind running over for the hundredth time the advantages, the duties involved, while his plea proceeded, earnest and manly, but leaving her cold. It permitted her to calculate, to criticize. He had much to give her. He was a man of large income, of unquestioned power, and his home was spacious. She liked him, she respected him very highly, she admired him, but—

The girl's dream was not yet faded out of her soul. She hoped—foolishly, foolishly hoped—for a return of the glow, the mystery, the feeding, transforming power of a love that was more than respect, more than honor and admiration.

She found herself saying: "I know, Wayne, we seem suited to each other—all our friends would say so—but I'm not so sure of it. It is silly in me, but I am still wanting to be sure. I don't care for you as I ought to do. I'm no longer a schoolgirl; I know what marriage means, and unless I can feel differently from the way I do now I shall not marry."

"Have you met any one else who rouses this other emotion?"

She flushed. "I don't know. I am not sure."

He snuck back in his chair, heavy and inert. The muscles of his cheeks drooped, giving him the aspect of a man of fifty. "Don't throw yourself away, Ann; for God's sake, assert your common sense; if you cannot come to my home, don't waste your beauty, your culture, on some savage. It hurts up to see you out there lying among these scoundrels!"

She interrupted him. "There is another inexpressible thing. This life has interested me. It has developed in me a capacity for physical effort that I didn't know I had. It will seem absurd to you, but I have grown to love sweet, little, patient Mrs. Kelly. I like grand old Matt. I like the rude ways and the handsome stoves, as Matt calls the fireplaces."

"And the tall young miner?" Peabody suddenly interrupted to ask, and, lean-

ing toward her, a flash of insight in his eyes. "Or is it the handsome, dard-dill Munro?"

A swift flash rose to her face, she lost speech, her eyes fell. "Yes—I like them, too," she said. "They interest me. They are vital, unconventional, real."

In this swift interchange of highly emotionalized thought they had forgotten where they sat and all knowledge of time had failed them. Ann

"I am never married yet."

moment at the clock and rose, but Peabody said: "Please don't go! We will never have a more important subject to discuss." She sank back into her chair and went on quite calmly, his eyes very grave and sweet. "Ann, I want you to be happy. I am not the kind of lover who would make his bride a captive to her own sorrow."

She shook her head sadly, but decided. "You do not understand me, but no matter. This you must understand. I admire you, and I like you, but as I feel now I can never marry."

CHAPTER XX.

FOR the first time in his life Raymond was lonely, almost to the point of despair. To have both Ann and Louis taken out of his life on the same day left a painfully empty space. He did not permit himself to hope that Ann would return—he had, in fact, advised against it—and after his supper was over he sat beside the fire listening to the wind and pining at his pipe like one deserted of his kind.

It had turned cold, and a great current of air was sweeping down from the peak, a movement portending some great change in the clouds. Kelly predicted snow, but as most of the outside work on the mine was done he was not concerned about the weather. He was, in fact, taking account of himself and trying to address himself to a future without "Hesper." The glow of his pride had died out. The confidence which sprang from his possession of gold had dulled into doubt.

"Ah he sat thus, pondering over his problem, he heard voices, and a moment later a loud rap shook his door, ominous with a desecration of stroke.

"Come in!" he shouted somewhat surly, for he did not enjoy interruption.

Munro, Brock, Carter and one or two others he didn't know entered, covered with snow.

"Good evening, gentlemen," he indicated chairs. "What can I do for you this evening?"

Carter seemed very nervous and took a seat without looking at his host. Munro was smiling, but his eyes were aslant as he replied:

"Oh, we just called to pass the time of night and inquire about your good health."

Raymond glanced from Munro's watchful lips to the frowning or troubled faces of the other men and braced himself for trouble.

"Out with it, Carter! What do you want of me?"

Carteridgeted on his chair. "Well, you see, it's this way, too. We held a meeting today, and we decided that in view of the struggle that labor is making here all the mines should either shut down or put their men into the ranks."

"You have asked my men to join, haven't you?"

"Yes."

"What did they say?"

Munro chirped in. "They said, 'Go to blazes.'"

Raymond smiled. "How impolite of them! Well, now, let me say once again, Carter, I am in sympathy with your main objects. I think a man should be paid for every minute he works, but I don't believe in any method of forcing men who are working and want to work into a strike. I can't afford to go into any such organization."

"You can't afford not to," growled Brock.

His tone angered Raymond. "What have you to say in this matter?"

"I'm a member of the executive committee."

"Since when?"

"No matter when. What I say goes."

"Does it? Well, you keep a civil tongue in your jaws when speaking to me."

Brock rose. "You'll close down tomorrow or we'll close you down."

Raymond faced him. "We will not close down, and you can't close us down. Carter knows, and you know, Jack. I've played fair in this. I haven't believed in your methods. I stand with Larned, your own organizer, against violence. If you can't convince my men by argument you needn't come to me to drag them into your ranks. What difference will my hands make anyway?"

STRANGE ADVICE!

Dr. G. C. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. (New trial bottles, 25c; regular size, 75c. At all druggists.)

you. I'm sorry, but you must go back alone."

He took his dismissal quietly, but he suffered. His voice was tremulous with passionate regret as he bowed over her hand. "I accept your verdict, Ann, and I can only hope that your new light may not lead you into a slough of despond."

CHAPTER XX.

FOR the first time in his life Raymond was lonely, almost to the point of despair. To have both Ann and Louis taken out of his life on the same day left a painfully empty space. He did not permit himself to hope that Ann would return—he had, in fact, advised against it—and after his supper was over he sat beside the fire listening to the wind and pining at his pipe like one deserted of his kind.

It had turned cold, and a great current of air was sweeping down from the peak, a movement portending some great change in the clouds. Kelly predicted snow, but as most of the outside work on the mine was done he was not concerned about the weather. He was, in fact, taking account of himself and trying to address himself to a future without "Hesper." The glow of his pride had died out. The confidence which sprang from his possession of gold had dulled into doubt.

"Ah he sat thus, pondering over his problem, he heard voices, and a moment later a loud rap shook his door, ominous with a desecration of stroke.

"Come in!" he shouted somewhat surly, for he did not enjoy interruption.

Munro, Brock, Carter and one or two others he didn't know entered, covered with snow.

"Good evening, gentlemen," he indicated chairs. "What can I do for you this evening?"

Carter seemed very nervous and took a seat without looking at his host. Munro was smiling, but his eyes were aslant as he replied:

"Oh, we just called to pass the time of night and inquire about your good health."

Raymond glanced from Munro's watchful lips to the frowning or troubled faces of the other men and braced himself for trouble.

"Out with it, Carter! What do you want of me?"

Carteridgeted on his chair. "Well, you see, it's this way, too. We held a meeting today, and we decided that in view of the struggle that labor is making here all the mines should either shut down or put their men into the ranks."

"You have asked my men to join, haven't you?"

"Yes."

"What did they say?"

Munro chirped in. "They said, 'Go to blazes.'"

Raymond smiled. "How impolite of them! Well, now, let me say once again, Carter, I am in sympathy with your main objects. I think a man should be paid for every minute he works, but I don't believe in any method of forcing men who are working and want to work into a strike. I can't afford to go into any such organization."

"You can't afford not to," growled Brock.

His tone angered Raymond. "What have you to say in this matter?"

"I'm a member of the executive committee."

"Since when?"

"No matter when. What I say goes."

"Does it? Well, you keep a civil tongue in your jaws when speaking to me."

Brock rose. "You'll close down tomorrow or we'll close you down."

Raymond faced him. "We will not close down, and you can't close us down. Carter knows, and you know, Jack. I've played fair in this. I haven't believed in your methods. I stand with Larned, your own organizer, against violence. If you can't convince my men by argument you needn't come to me to drag them into your ranks. What difference will my hands make anyway?"

NEW DISEASE FROM NEW YORK'S SUBWAY

It Effects Many and is Called "Subway Consumption."

Government May Approve \$300,000 to Investigate Conditions of Women and Child Workers.

18,000 ACRES OF GRASS BURN.

New York, Mar. 3.—Announcement of a new disease, known as "subway consumption," has been made by Dr. Philip O'Hanlon, Coroner Harburger's physician. The discovery is the result of autopsies made on bodies of men employed in the subway who died from heretofore unexplained causes. Consultations were held by Prof. John H. Larkin of the college of physicians and surgeons, Dr. Soper and others.

The cause of the new affliction is believed to be disease germs floating about in the subway.

Figures On Women Workers.

Washington, Mar. 3.—The house committee on labor has decided to make a favorable report on a bill appropriating \$300,000 for a compilation of full statistics by the department of commerce and labor on the condition of women and child workers throughout the United States. This bill grew out of the movement inaugurated by Gov. Curtis Guild of Massachusetts.

Officiated at Bryan's Birth.

Bloomington, Ill., Mar. 3.—Dr. William Hill, a widely known medical practitioner of central Illinois for the past half century, and prominent in democratic politics, died here, aged 77. He officiated at the birth of William J. Bryan at Salem, during Cleveland's first term he was consul at Sarnia, Canada.

Much Grass Burned.

Lawton, Okla., Mar. 3.—Several hundred thousand dollars' worth of grass was destroyed by the fire which has just been subdued by the untiring efforts of the soldiers. Eighteen thousand acres of the military reservation, which contained the best grass, was destroyed.

Gives Health, Vigor and Tone.

Herbina is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shriel, Middletown, Ill., writes, "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbina. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c. Sold by Alvey & List.

Educational Meeting Over.

Louisville, Ky., March 3.—The department of superintendence of the National Educational Association closed a successful convention with the adoption of resolutions endorsing the bill before congress extending the franking privilege to state educational departments, endorsing Secretary Wilson's report recommending the teaching of elementary agriculture in schools and approving his request for an appropriation of \$12,620 to cover the cost of an investigation of agricultural instruction; sympathizing with the fight against the "pernicious influence" of fraternities and sororities in secondary schools and declaring the same must be controlled or abolished, and demanding increased salaries for school teachers generally.

Marriages in Caldwell.

Princeton, Ky., March 3.—The following weddings have taken place here:

J. F. Robinson, of Marion, and Miss Ella Oates, of Muhlenberg county.

E. B. Ayres, of Chicago, and Mrs. Maud Joy Ayres, of Eddyville. This was a re-marriage, the couple having been divorced.

J. W. Bryant and Miss Annie Keeley of Princeton.

J. V. Crowder and Miss Nelly Martin, of near Quinn.

Len Hamby and Miss Nellie Taylor, of Mexico, Crittenden county, were married in the parlors of City Hotel.

Invaluable For Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction, and tended to alleviate my pains. March 24, 1903; John C. Degnan, Kinsman, Ill., 25c, 50c and \$1.00. Sold by Alvey & List.

THE VALUE OF CHARCOAL.

Few People Know How Useful It Is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges, to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

THIS IS IMPORTANT

We invite your attention to the enclosed newspaper clipping which is an indication of the value of the White Rock Claim owned by us. In fact the large development work now being done by all the mines, and the early completion of the railroad by June 1 has already started the looked for boom. We desire to impress upon the public that only a limited amount of stock will be offered at the initial price of 15 cents per share. In view of the demand and the prospect of an increase in price we strongly advise prospective purchasers to send in their orders by early mail or wire for reservations and let check follow.

PADUCAH BULLFROG GOLD MINING CO.

R. B. ASHBROOK & CO., Fiscal Agents.

"A Fortune Maker."

To those who have watched the progress of events in Tonopah and Goldfield since the inception of these camps, the opportunity that is offered at this moment in Bullfrog need not be dwelt upon; but for the information of those who have not kept track of events, the following facts and figures are submitted:

\$100 bought 100 shares of Tonopah Mining stock in 1901. You can get \$2,000 for that block of stock now on either San Francisco Stock and Exchange board or the Goldfield Stock exchange.

\$100 bought 1,000 shares of Tonopah Extension stock in June, 1902. That block of stock is now selling at a valuation of \$7,500.

\$100 bought 1,000 shares of Tonopah Midway in 1902. They are worth \$1,850 according to current quotations.

\$250 bought 1,000 shares of Tonopah Belmont in 1902. This block of stock is worth \$3,000.

\$250 bought 1,000 shares of Montana Tonopah in 1902; it is also worth about \$3,000.

\$170 bought 1,000 shares of Tonopah North Star in November, 1904; now worth \$600.

\$100 bought a tenth interest, or 100,000 shares of stock in the Goldfield Mining company in 1903. They are now worth \$31,000.

\$120 bought 1,200 shares of Sandstorm stock less than eighteen months ago. It is now worth \$1,800.

\$100 bought 10,000 shares in the Florence mine of Goldfield, in November, 1903. It is now worth \$22,000.

\$175 bought 1,000 shares of stock in the Combination Mines Co. of Goldfield in November, 1903. It can not be had now for \$5,000.

\$100 bought 3,333 shares of Red Top stock eighteen months ago. These are now worth \$7,000.

In the opinion of observers on the ground—men who have gone through both the Tonopah and Goldfield mining excitement—the chances for profit in Bullfrog are as great as they were in either Tonopah or Goldfield.

IN FINES HAS BEEN ASSESSED AGAINST PADUCAHANS.

Last of the Goodman Cases Heard—Fines Amounted to \$2040—Appeals to Be Taken.

The batch of cases against the George H. Goodman company and the Jake Biederman Bakery and Grocery company of Paducah, for alleged violation of the local option laws at Mayfield, has about been disposed of at the latter place.

Yesterday the remainder of the Goodman cases came up and 101 warrants were disposed of. All were dismissed except 31, and fines of \$60 each were assessed in those, making a total of \$2040. He had previously been fined in five other cases. The total fines against the Biederman company amount to \$1060. Costs will probably amount to several hundred dollars more.

Appeals will be taken in all the cases. The attorneys for the Paducah firms laugh at the construction of the law which enabled Paducahans to be fined for taking orders for whiskey at Mayfield, and say if they do not win all the cases in circuit court they will in the appellate court, which is said to have already decided the question exactly contrary to Judge Bunk Gardner's decision at Mayfield.

Yesterday's Mayfield Messenger says of the effort to compromise the Biederman cases:

"The temperance committee agreed to compromise the cases if Mr. Biederman would pay \$340 into the city treasury and pay all the costs in the cases, which would have been about \$675. Mr. Biederman refused this proposition but offered to pay the fines and costs in three cases which

FATAL SHOOTING

Follows a Weak-Minded Man's Alleged Insult.

Calro, Ill., Mar. 3.—Otto Bershell, 27 years of age, was shot and perhaps fatally wounded last night at 9 o'clock by Guy Smith.

It is alleged that Bershell accosted Smith's wife upon the street Thursday night and that he frightened her considerably. She spoke to her husband of the incident and last night when she and her sister-in-law, Mrs. Olmstead, went out, Smith followed behind.

Bershell saw the ladies and following behind he finally caught up with and spoke to them.

Upon seeing this Smith whipped out the revolver which he carried, and fired five shots at Bershell, two of them taking effect.

One shot hitting the young man under the right shoulder, penetrating his body and the other striking
